

Wyoming Modelers' Park Association

The Prez Sez

Well, you never know about the weather in Riverton. Rain was the order for this years fly-in days. Some of the real stalwarts got flights in each day but most of us hung out under the tent, after it was put up after blowing down on Friday night. One bright spot for the weekend was the silent auction. We had bids on everything, some people got great deals and everything is gone. Dick will report on the total at the July meeting.

Come to the July meeting and join the discussion on including some fly-in activities with the Birthday Party weekend.

Great progress is being made on the Off-road car track. Bob Felton, Brad Morton and Nic Watts have worked two weekends and have placed all of the fill dirt, made the jumps, tables and banked curves, and have started putting the track edging tubes in place. They could use help in getting the track done. Car folks, come out and pitch in with getting your track completed. Contact Bob for information on weekend activities.

New Bulletin Board

Check out the new bulletin board at the flying field. It's now part of the electrical panel on the west end of the pits. The current AMA and WyMoPa safety rules are posted there. If you have things for sale or items of interest, feel free to post them on the bulletin board. Thanks to Dan Kinneman for the great construction job.

Thank you Wal*Mart

Wal*Mart has presented WyMoPa with a \$400.00 grant for club activities. Thanks Wal*Mart, we really appreciate the support.

The next club meeting will be held Tuesday, July 13th, 2010 @ 7pm. The meeting will be held at the Aspen Park School in Riverton.

Old Sparky?

Old Sparky? Well it took ten years but someone finally hit the electric lines on the west end of the Park. Lucky guy was Mike Cook. He was practicing approaches and got just a little too far out. He took out power to the Honor Farm and all customers to the north and west of Federal (including my house). His description of his plane was, "it looked like snow." 17,000 volts is nothing to fool with.

Seriously, every flyer needs to pay close attention to how far out you are to the west. If possible fly with a spotter and if you think you might be too far out, you probably are.

If you should have the misfortune to hit the wires, remember to stay totally away from the area until the power company comes and and says the site of the outage is safe. **Do Not attempt to locate your plane---or what's left of it until the power company says okay.**

Ask Old Sparky about his electrifying experience when you see him.

Fly-In T-Shirts Available

The Fly-in T-shirts are available. Many of you who didn't come out because of the weather, need to get your shirt from Rich. He'll have them at the Park. The cost is still \$10.00.

Saturday Lunches

Now that the weather has started to cooperate on weekends, we are making lunch on Saturdays. Everyone is welcome to take a break from the days activities and share lunch. Guests are always welcome. Remember bring your own drink. See you there.

PAY YOUR DUES!!

Dues are due. See Rich at the Park or send your \$35.00 to Rich at 62 Minter Lane, Riverton 82501. Or pay Dick Adams at the next meeting. **The gate lock has been changed and you must be paid up to get the new combination.**

Keeping the Park Clean

Have you noticed the great condition the Park is in? This is all thanks to Field Marshall Dick Adams with the assistance of Eddie Amend, Scott Jackson and Bill Laughton. Let them know your appreciate their efforts the next time you see them. Thanks guys!
