

Wyoming Modelers' Park Association

The Prez Sez

I'm sitting in a cabin in Mountain View in a blizzard trying to think of something to say positive about the weather. Best I can do is be positive that since its March Spring can't be too far away. Didn't the varmint in Pennsylvania see his shadow?

Come to the meeting this Tuesday, March 8th to see what's going on. 7:00 pm at Aspen Park School.

Since better weather can't be that far away. Maybe we'll all feel better is we do some Spring chores to be ready for those warm days to come. Time to start cycling batteries. If they haven't been used, you need to check their capacity. If you cycle them and they don't reach 80% of the stated capacity, pitch them and get some new. How about cleaning out your tool box, or better yet how about your trailer!

Dates to remember. The Radio Shack Mini-Fair will be Saturday June 4th.

Our fly-in is July 7-10. Mark your calendar.

Next Meeting

The next meeting is 7:00 pm, Tuesday March 8th, 2011, at the Aspen Park Elementary School media center. See you there.

Dues are due. See Rich or Dick to get legal. Check your AMA. You need to be up to date. Rich will be gently those who aren't on the AMA printout.

Wheels and Wings in Casper has built a new Mini-Z track in their store. They are planing to host a race later this month. Stop by and check them out the next time you are in Casper. They have tons of cars, truck and parts. Great selection of planes and boats too.

Remember, we have the Riverton Middle School gym through April. First and third Wednesday of the month at 7:00 pm. We have been having some great kid fliers.

Hope to see you at the Park.

THINK WARM!
