

Wyoming Modelers' Park Association

The Prez Sez

Last time I wrote the newsletter, we were having a cruel April Fool's joke---SNOW. Today I started this newsletter and guess what? SNOW! Maybe I should stop writing newsletters. No comments now.

There are some Park details that we need to remind everyone to do: If you are the last one out, make sure the gate is closed and locked; When you use the Porta-Potties make sure you put the strap back on the handles, if you don't the wind blows the doors open and springs the hinges; Flyers, make sure that when you are done that all of the Pilots Boxes are laid down and the concrete blocks are on them. Again if you don't the wind will blow them around and break them. We've had two broken in the last month. Let's take care of our equipment.

Dues are due. See Rich at the Park or send your \$35.00 to Rich at 62 Minter Lane, Riverton 82501. Or pay Dick Adams at the next meeting. The gate lock has been changed and you must be paid up to get the new combination.

Radio Shack Mini-Fair

As in years past, we have committed to participating in the Radio Shack Mini-fair. Bring your cars, boats and planes for display as in the past. The car folk have a great opportunity to promote racing as the Cub Scouts will be having their Pinewood Derby in the morning and the word is that Verizon will have a full scale NASCAR car on display. Here is the chance to catch some when they are young, and to show full scale race fans how exciting RC cars can be.

If you are going to participate, please plan on being at the Mini-fair from 9:00 am to 4:00 pm. This is also our only fund raiser. The Senior Kiwanis will again be cooking food provided by Mike Hammer and we share in the profits. Eddie will have a sign up list so that we can help out the Kiwanis is needed.

The next club meeting will be held Tuesday, May 11th, 2010 @ 7pm. The meeting will be held at the new Aspen Park School in Riverton.

Are you on Facebook?

We have a WyMoPa Facebook account. Go to Facebook and check us out. Become a Fan.

WyMoPa Yacht Club Newsletter

Bob Nordick has put together a good newsletter for the Wyoming Modelers' Yacht Club. It is on our webpage. Bob is working on getting some new marker buoys ready for setting up the course. He also has found a number of websites that have great information about sailing. He's got information ready for the season and if you are interested in sailing, plan on going to the Riverwalk Lakes site on Sunday, May 9th at Noon.

Intro Pilots

Anyone interested in becoming a registered Intro Pilot see Rich so that he can add you to the list and send it to the AMA.

Fly-in T-Shirts

Rich is taking orders for this year's Fly-in T-shirt. If you want one, see Rich or give him a call. This year's shirts are gold with the Fly-in logo. We have regular and those with pockets. We have to have orders in by mid-May.

2010 Fly-In Reminder!!

Remember the Fly-in will be June 10-13!

Volunteers Needed

We need some volunteers to go through all of the tools, equipment, and kits that were donated to us and make an inventory of what we have. We also need to decide what we are going to do with everything. Remember the donation was made so that we could raise some funds to expand our membership. Come with your ideas and volunteer to spend part of a Saturday or Sunday taking inventory. We'll discuss this at the next meeting.

Car Tracks Work

We need to start planning to lay the electrical line to the on-road track and laying out the dirt for the off-road track. Please see Bob or Paul if you want to help out. For each person that assists they will earn a free race day per work day.

Once the tracks have been laid out, we will set up a race schedule.

Sweetwater RC Championship

SWRC will be hosting their annual SWRC Championships on Saturday and Sunday June 5th and 6th. Short Course Trucks, Electric, and 1/8th Nitro classes are all expected. Visit www.sweetwatercc.com for more information.
