

# Wyoming Modelers' Park Association

## The Prez Sez

If you haven't been out to the park recently, you need to check out the new sun shelters. They were purchased with the Fremont County Rec. Board grant. Thanks Fremont County Rec. Board!

The weather has been great for the last few weekends. There has been a bunch of activity. Come on out and join in the fun while the weather still holds.

We're ready for when the weather turns. Terry Grant has secured the Riverton Middle School gym for indoor flying. We start on Wednesday November 3rd at 7:00pm. For the season flying will be on the first and third Wednesdays through April. Get you planes and helis ready for the indoor mayhem. There are a lot of new models out for indoor flying. Get yours ordered now. Better yet go to Casper and check out what Stu has at Wheels and Wings. Thanks Terry for making the arrangements for us.

Presidents Challenge. The cost of the sun shades was \$663 more than the grant amount. Pat and I are going to cover half of it and Dick Adams has already pitched in. Flyers, will you kick in a few bucks for the cause? We'll appreciate anything you want to donate. Remember it is tax deductible under our 501 C 3 status. Any extra amount will be used to purchase more concrete parking barriers. Get your donations to Dick.

Wheels and Wings in Casper has built a new off-road track. They also have a rock climbing course. Stop by and check them out

## Next Meeting

The next meeting is 7:00 pm, Tuesday October 12, 2010, at the Aspen Park Elementary School media center. See you there.

the next time you are in Casper. They have tons of cars, truck and parts. Great selection of planes and boats too.

You should have received your AMA renewal by now. The deadline for continuous membership is December 15th. Make sure to renew to keep your insurance in effect. WyMoPa dues are due January 1. We'll be happy to have them now. Still \$ 35 per family and \$10.00 for a single student.

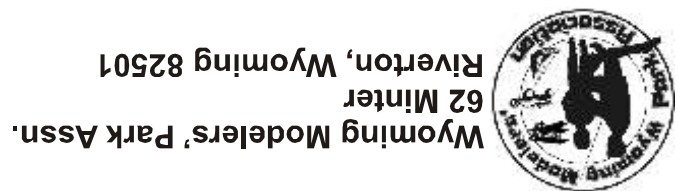

When we collect your dues, we want to update your e-mail address. This is so that we can send out notices of when the newsletter is posted and other events.

Thanks to Bob Felton for cutting the trenches for electric to the drivers stands. The wire has been ordered. Now we need the panel board installed. Call Bob if you can help. We'd like to have the electric in before the snow comes.

WyMoPa is on Facebook. Check us out and become a fan.

For those of you who can vote for Mayor of Riverton, Ron Warpness is running. Ron has been a great supporter of WyMoPa from the very beginning. We need great, on-going, support from the City.

Hope to see you at the Park.
